

1 **Supplemental Information**
2 **for**
3 **117-420 or WPA9021X Chrome Washer Jet Kit**
4 **Classic Mini**

5
6 The original windshield washer system fitted to
7 the Mini leaves room for improvement. One
8 simple upgrade is easily done – replace the
9 original black jets with two new chrome jets.

10
11 Each new jet has two adjustable nozzles, and
12 each one comes with a rubber sealing washer,
13 lock washer, and nut.

14
15 The jets will fit holes about 5/16" in diameter,
16 and the rubber washer will easily seal holes
17 that large.

18
19 The kit comes with 40 inches of clear plastic
20 tubing. Depending on what you have in your
21 car, this may or may not be enough.

22
23 The tubing will go onto the black plastic hose
24 barbs easily enough, but the hose barb on the
25 jets is larger and some persuasion is required.
26 I found that stretching the hose with a Phillips
27 screw driver under warm water made it much
28 easier.
